Grabbit - Pick Up & Reaching Tools

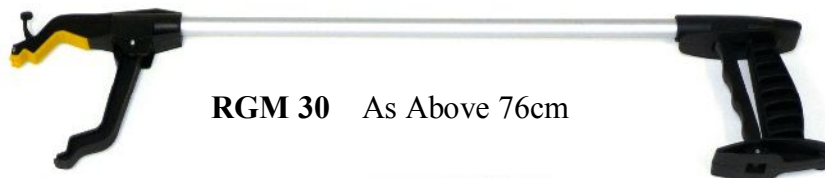

The REDGUM range of Grabbits provides the User with outstanding Functionality & Reliability. The grabbits are ideal for picking up small items that are out of reach. Each Grabbit has a comfort moulded squeeze lever that activates the jaw grips. The jaw grips have rubber tips that help prevent the retrieved item from slipping. The jaws are spring loaded and remain open until the lever is squeezed. Extends your reach by over 75cm which is ideal for people who experience discomfort bending down to retrieve items or reaching items at height.
