

Minos Global

Now, Think Global

Minos is pleased to introduce a new aluminium wheelchair. Now we reach further and offer a more dynamic, solid and sturdy wheelchair, keeping the usual guarantee, durability and quality of all Minos chairs.

Minos Global is a wheelchair that offers all the functions that you need with the Minos quality you already know. Minos Global fits you well.

Now, Think Global

Crash Tested

Minos Global has been tested and approved for use in motor vehicles according to

ISO 7176
19:2001

Durable, dynamic, with more possibilities.

Now, Think Global.

Minos Global

A wheelchair for everyone and everyday...

Forget about problems

We had in mind durability and sturdiness when deciding on the materials and techniques used to produce the Minos Global wheelchair. We are so sure that the quality of the Minos Global is the right one that we offer lifetime guarantee for the crossbar and side frames.

New adjustable in height armrest

You do not need any tool to quickly adjust the height of the armrest pad.

Adjustable in depth frame

To fit the anthropometric measures of the user. The frame is made without welds by using die cast aluminium parts.

Adjustable in angle front fork

Aluminium fork which is adjustable so that seat angle can be adjusted to fit the needs and likes of the user.

LIFETIME*
GUARANTEE

* Lifetime guarantee for the crossbar and side frames.

We reach further

Minos has always tried to be close to customers and users. We are a company that listens. Minos Global is the answer to this exercise of listening. We have been manufacturing wheelchairs during the last 12 years and now we introduce the Minos Global.

Easily and highly adaptable, the Minos Global offers the right functionality in its category and a wide range of accessories.

Axle plate

You can achieve different seat heights by changing the position of the rear wheel in the axle plate. A reduced seat height of 42 cm is available as an option with a shorter fork.

New adjustable in angle legrest with calfrest release mechanism

The calfrest release mechanism offers the right space for transferring out of the chair.

(Optional feature)

Adjustable in angle footplate

For improved posture and added comfort.

(Optional feature)

Adjustable in angle backrest with stretch bar

For increased comfort the Minos Global offers an attendant operated reclining system for the backrest (-2° to 9°).

(Optional feature)

MINOS

Think Global

Minos Global is also available in an attendant propelled version.

Minos is always ready to answer any question about the configuration of the wheelchairs.

Your best choice

Minos Global is probably the best wheelchair that combines quality, functionality, durability and price.
