*COBRA*

A  
New  
Age  
In  
Scooter  
Design

## A New Age

The new Cobra benefits from over a decade of scooter innovation. An extensive period of time was spent optimising the distinctive design of this scooter; it has endured a whole programme of tests, on both simulated and actual road surfaces. We have stopped at nothing in the creation of this amazing new scooter.

## Cutting Edge Technology

The Cobra is the next generation Drive scooter, it is quite simply extraordinary, to admire, to sit on and to drive. It features an impressive performance and provides an exceptional driving experience. Packed with design and technological breakthroughs including state of the art LED lighting to illuminate the road and help the user enjoy the drive with confidence.

## Inspirational Styling

The Cobra is a revolutionary scooter in terms of design, aesthetics and styling. It has been aerodynamically designed to give an outstandingly stable ride and help maximise battery life. It's a remarkable scooter that makes a huge statement and sets a new benchmark with its striking dynamic design.

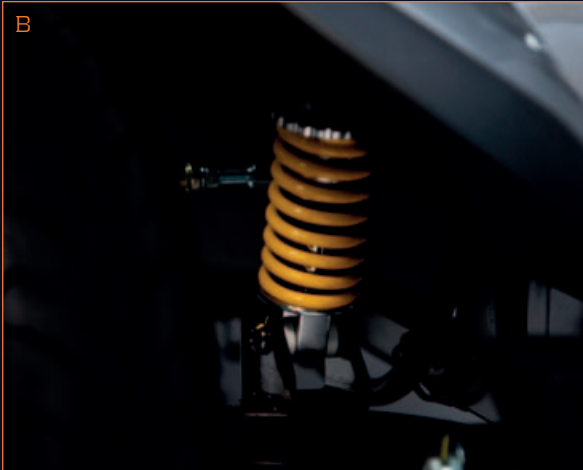

## The Cobra in Detail

- A. 'Blade' alloy wheels
- B. All round suspension
- C. State of the art controls
- D. Stylish and distinctive design
- E. LED lighting

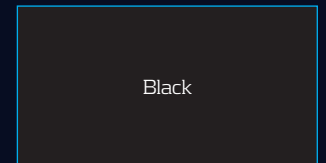

## Cobra Features

|                                 |                                       |                                      |

## Colour Options

## Specification & Contact

Length / 155cm (62")  
Height / 135cm (53")  
Width / 70.5cm (27.6")  
Weight Capacity / 182kg (28st)  
Weight / 149kg (328lb)  
Top Speed / 8mph\*  
Range / 30 miles\*  
Suspension / All Round  
Batteries / 2 x 70ah  
Charging Time / 12 Hrs (18 Hrs optimum)  
Charger / 24V 8A  
Motor / 950W  
Controller / Dynamic Rhino II 120A  
Lighting / LED  
Indicators / High Level  
Brake System / Electromagnetic & Emergency  
Tyres / Low Profile  
Tyre Diameter / 36cm (14")  
Anti Tip Wheel / 7cm (2.75") diameter  
Min Turning Radius / 132cm (51")  
Ground Clearance / 10cm (3.9")  
Climbing Angle / 10°  
Climbing Ability / 10cm (3.9")  
Leg Room / Variable dependent on seat position  
Seat / Rotating, reclining, sliding & locking  
Tiller / One Touch Adjustment
